Your Heart - your questions!

Cochrane Heart is an editorial group working worldwide to publish systematic reviews about the prevention and treatment of heart diseases. Systematic reviews summarise research evidence to inform clinical practice and policy decisions.

Your questions will help us to decide on new topics for future reviews and to make existing reviews more relevant to you.

* Required

Your question

What do you want to know about preventing and treating heart problems? Please be as specific as possible. For more information, please see http://heart.cochrane.org/askaquestion

* 

Your answer

About you

Which category fits you best? *

- Patient
- Carer
- General interest
- Clinician
- Researcher
- Government official/guideline maker
